EXPERIENCE

Web developer freelance

- 02/2024 - Present
- Develop websites and web applications for clients using HTML, CSS, JavaScript, and the React/Nextjs framework.
 - Collaborate with clients to identify their needs, estimate project timelines, and propose technical solutions aligned with their business goals.

Full-Stack Web Developer Internship

LionsGeek

10/2023 - 12/2023 Casablanca, Ain sebaa

Collaborated with a team of four developers to develop a versatile management system facilitating the booking of classes, studios, equipment, and more through an intuitive calendar interface - **Tech Stack : Laravel - TailwindCss - MySQL.**

- Worked on the application's authentication system, implementing two-factor authentication (2FA) for enhanced security.
- Developed a comprehensive mailing system to efficiently deliver all reservation details, including location, date, and attendee information, to the appropriate recipients: administrators, moderators, or coaches, based on the originator of the reservation.
- Designed and implemented a comprehensive section for managing studio equipment

PROJECTS

Libro

- Developed a PDF book management application using React and TypeScript, allowing users to effortlessly upload, organize, and categorize their book collections
- Implemented advanced data validation and type safety with Zod and TypeScript, creating a highly robust and error-resilient codebase.
- Designed and styled the user interface with Tailwind CSS, creating a responsive, intuitive, and visually appealing user experience across devices

ChatLab

- Developed a real-time chat application using React and Firebase, enabling seamless communication between users
- Implemented Firebase Firestore for efficient, real-time data management, ensuring instant message delivery and syncing across devices
- Utilized React hooks and context API to manage application state and maintain clean, modular code architecture.
- Optimized performance and user experience through lazy loading and code splitting, reducing initial load times and improving overall responsiveness

EDUCATION

Full-Stack Web Developer Training

LionsGeek

10/2023 - 12/2023 Casablanca, Ain sebaa

Bachelor's Degree in Renewable Energy

Higher School of Technology Essaouira

Essaouira
